PRESS RELEASE

For Immediate Release

19 February 2025

President Mahama appoints Dr. Nii Moi Thompson as Senior Advisor on SDGs

Accra – President John Dramani Mahama has appointed Dr. Nii Moi Thompson, Chairman of the National Development Planning Commission (NDPC) as Senior Advisor to the President on the United Nations’ Sustainable Development Goals (SDGs).

The appointment, which takes effect immediately, acknowledges Dr Thompson's important contributions to sustainable development and his involvement in the creation of the SDGs during the first term of the President, which ran from 2013 to 2016.

In a letter dated February 12, 2025, President Mahama praised Dr Thompson’s advisory support and expressed confidence in his ability to guide the nation in achieving the SDGs, especially since the President was appointed co-chair of the High-Level SDGs Advocates Group by former UN Secretary-General Ban Ki-Moon.

Additionally, Dr. Thompson has been nominated to join the preparatory team for the upcoming National Economic Dialogue. As the former Economic Advisor to the President and Director-General of the National Development Planning Commission (NDPC) from 2013 to 2017, Dr. Thompson was instrumental in organizing the National Economic Forum of 2014, which culminated in the adoption of the Senchi Consensus.

Under Dr. Thompson’s leadership, NDPC will monitor the implementation of recommendations from the upcoming National Economic Dialogue, ensuring that progress is reported to the President regularly.

About NDPC

The National Development Planning Commission (NDPC) is the principal advisory body for national development planning in Ghana. Established in 1994 under the 1992 Constitution to guide the nation in formulating and implementing development policies, the Commission plays a crucial role in advising the President and Parliament on strategic national development initiatives.
