Executive Summary

This report focuses on the implementation of Ablekuma West Municipal Assembly's Medium Term Development Plan 2018-2021 under the Agenda for Jobs: Creating Prosperity and Equal Opportunities for All.

As part of the provisions in the Local Governance Act, 2016 Act 936 and Act 940 which enjoined Metropolitan Municipal District Assembly's (MMDAs) to prepare plans and progress report to be disseminated to all key stakeholders. The 2020 Annual Progress Report is the under the four-year plan period of (Agenda for Jobs). The report looks into the implementation of projects and programs in the plan and also focuses on revenue mobilization efforts and expenditure in the municipality.

The report also highlights on the status of implementation of the National and Municipal specific poverty reduction programs. This includes but not limited to Livelihood Empowerment and Persons Living with Disabilities (PWD), School Feeding Programme, Water Sanitation and Hygiene Projects.

The review of implementation of MTDP and 2020 Annual Action Plan revealed that most of the projects and programmes were in the areas of Economic Development, Social Development Environment, Infrastructure, and Human Settlement Governance, Corruption and Public Accountability

The total revenue disbursement for the quarter under review were Compensation of employees which is a component of Administrative expenses was the major financial commitment of the Assembly and followed by goods and services and fixed capital.

Internally Generated Fund (IGF) and Donor Grants were the major sources of total revenue to the assembly in the quarter under review.

It is important to note that the targets for the Monitoring and Evaluation (M&E) core indicators are on course. The MPCU has noted with concern the inability of some Departments to provide data for some indicators. This has brought to the fore the need to review the indicators so as to make plan implementation, Monitoring and Evaluation more efficient.

•

CHAPTER ONE

1.1 Introduction

The Ablekuma West Municipality is located in the Western part of Accra about 15minutes drive from the main city of Accra, Ghana. It lies within Latitudes 5°47′30″N and 5°27′30″N and Longitudes 0°31′30″W and 0°16′30″W. The Municipality shares boundaries with Ablekuma North to the North, Ablekuma Central Municipal Assembly and Accra Metropolitan Assembly to the East, Weija –Gbawe Assembly to the West and the Gulf of Guinea to the South. It occupies a land area of approximately 15.01 sq. km with about 25 Communities.

The 2010 population census report estimated the population of Ablekuma West as 151,656 but the current population projection is estimated to be 185,520. The Municipality being newly created is endowed with high elite citizenry, well planned area, beachfront and landed properties for developmental purposes.

The Municipality can boast of one police station and a police post under construction, Dansoman market, best endowed private and public schools, commence, services and many more.

This Annual Progress Report is prepared under the new development Framework Agenda for Jobs 2018-2021 policy document. It is one of the tools used in the tracking projects/programmes implementation towards the achievement of objectives in the Assembly's Medium Term Development Plan (MTDP) 2018-2021.

The report focuses on projects implementation throughout the year 2020 and also assesses the overall performance of the Assembly in the implementation of the MTDP 2018-2021.

The Fifty (50) monitoring and evaluation indicators which are stated in the Monitoring and Evaluation Plan-2018-2021 formed the basis for the assessment of the state of implementation of 2020 projects activities. The Fifty indicators are made up of twenty (20) core national indicators as well as thirty (30) Municipal specific indicators.

The report of implementation was pursued under four out of the five thematic areas of the Development Dimension of Policy Framework namely, Economic Development, Social Development, Environment, Infrastructure, & Human Settlement and Governance and Corruption and Social Accountability.

1.2 Purpose of the M & E for the period under reviewed:

Several processes were adopted during the implementation of the MTDP (2018-2021) which the 2020 annual action plan was extracted. The summary of these activities are indicated below.

1.2 Monitoring

- One quarterly meeting by MPCU members held to present plans and its implementation status.
- Regular site meetings involving key stakeholders
- Regular composite monitoring by Development Planning Sub-committee and other committees of the Assembly
- Frequent engagement (town hall meetings/community durbars) by the Assembly and stakeholders
- Reports by decentralized Departments/Units

1.3 Evaluation

• Quarterly reviews of programs and projects

1.3 Summary of Achievements of Implementation of the MTDP 2018-2021

During the year under review, 92% of projects and programmes implemented by the various implementing Departments were contained in the 2020 Annual Action Plan (AAP), which were drawn from the MTDP 2018- 2021. Under listed interventions implemented in the quarter reviewed were:

- Agriculture
- Health
- HIV/AIDS
- Education
- Environmental health and Waste management
- Local Economic Development
- Revenue mobilisation
- Capacity building
- Gender and women's development
- Development control
- Programmes for the vulnerable and excluded
- Roads infrastructure (Urban Roads) etc

Other national programmes and poverty interventions that the Assembly benefited in various ways include but not limited to the under listed.

- ✓ School Feeding Programme
- ✓ Livelihood Empowerment Against Poverty Programme
- ✓ Greater Accra Metropolitan Area Water and Sanitation Project (GAMA), GASSLIP and GARID
- ✓ National Health Insurance
- ✓ Planting for Food and jobs
- ✓ One district one factory

- ✓ Covid 19
- ✓ Coastal Development Authority Projects
- ✓ GIFEC

1.4 Challenges Encountered in the Implementation of the DMTDP and M&E Challenges

The Assembly has encountered various challenges in implementing the Annual Action Plan (2020 AAP). Some of the major challenges documented include:

- COVID 19 hindered revenue mobilisation and gathering of stakeholders.
- Delay in release of funds by Central Government such as DACF.
- Logistical challenges (vehicle, trucks, sanitary tools, office equipment etc)
- Lack of land for agricultural activities, waste disposal, projects construction among others.

1.5 Process involved

The preparation of the 2020 progress report was led by the Municipal Planning and Coordinating Unit (MPCU). The process involved engagement of Departments and other relevant key stakeholders in quarterly and mid-year review meeting where template for data collection obtained from the National development Planning Commission and one developed by the Assembly were presented. This was followed by actual data collection from the Departments and relevant stakeholders. Based on the data received from the departments and other stakeholders, draft report was prepared. A validation meeting was organised to authenticate information from the various stakeholders and departments. The departments further took turns to present their progress reports after which comments and suggestions were made to shape the way forward towards the achievement of future objectives.

The Monitoring and Evaluation (M&E) processes involved the collection of data on on-going completed, abandon and yet to start projects and programmes. The M&E activities are carried out by the implementing agencies or departments and important findings and recommendations are compiled into reports and presented at meetings organized by the MPCU. The format for M&E reports is also issued. The difficulties encountered included non-availability of M&E software for processing data, inadequate logistics and staff with the perquisite M&E skills and uncoordinated data collection process.

CHAPTER TWO

MONITORING AND EVALUATION ACTIVITIES REPORT

2.0 Introduction

This chapter outlines the monitoring of the implementation process, the funding of development interventions and the Municipal Assembly's efforts at generating funds. The issues of fund disbursement and its associated challenges are also considered in this chapter. Again update of core indicators and other poverty reduction interventions in the Municipality.

2.1Programme and Projects Status for 2020 under reviewed

The decentralized departments and agency continue to be responsible for the implementation of the planned projects and programmes. It is vital to mention that most of the projects and programs implemented by the decentralised departments and agencies are participatory-based which include training programmes, public education programmes, health care programme and community care services, child rights promotion, agriculture extension services, hygiene education programmes and waste management services. In addition to the above, Non-Governmental Organizations (NGO) and Community Based Organization (CBOs) did implement various projects/programmes which include HIV/AIDS interventions, provision of micro-credit facilities, water, sanitation, hygiene promotion and alternative livelihood programmes.

The implementation processes involved the direct use of the staff of implementing departments, these include Agriculture Extension Agents (AEAs), Nurses, NADMO Officers, Civic Education Officers, and Circuit Supervisors. Others are Environmental Health Officers, Physical Planning Department Officers and Social Welfare and Community Development Officers among others.

Also procurement plans were prepared to facilitate the procurement of the services of contractors and consultants to undertake construction of projects and consultancy assignments among others. The Departments of Urban Roads (DUR) as well as Works Department also use the services of contractors for the implementation of roads and building related projects.

Annex 1 presents details of projects and programmes implemented in 2020.

2.2 Update on Funding Sources

The Financial performance under the quarter reviewed commenced with vigorous strategies by completing distribution of bills for Property Rate by 31st December, 2019, and BOP by 31st January, 2020.

This is to boost revenue mobilization in achieving the Assembly's targeted performance of **GHC** 3,460,132.68 but was revised to **GHC**2,120,000.00 by 31st December, 2020.

As at the end of the year reviewed, a total internal generated revenue of **GHC 2,017,710.88** had been mobilized for the Assembly showing 95.2% of budgeted performance

Due to Covid 19 pandemic, payment of internal generated revenue has slow down but Assembly took drastic measures to lure and encourage rate payers to pay so work can progress as well.

Breakdown is as following:

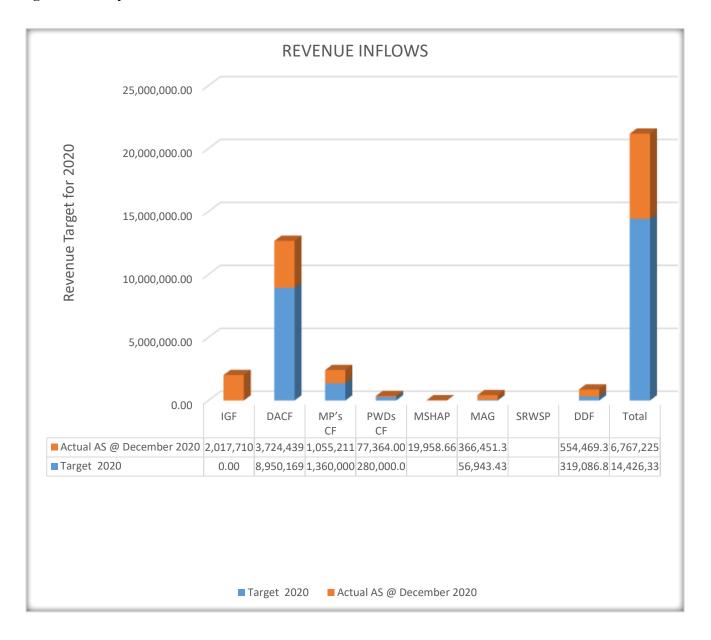

ANNEX 5: UPDATE ON REVENUE SOURCES

Table 2.0: Funding Sources

Revenue	Baseline	Target 2018	Actual 2018	Target	Actual	Target	Actual AS @
Sources	2018			2019	2019	2020	December

Source: ABWMA Annual financial statement, 2020

Figure 2.0 Analysis of Fund Inflows for 2020

Source: ABWMA Annual financial statement, 2020

Figure 2.0 clearly indicates the various sources of revenue available to the Municipal Assembly as at Annual 2020. The District Assembly Common Fund (DACF) contributed the highest representing 27%, while contributed MP CF 16%. Additionally, IGF contributed 15%, DDF 9% PWDs CF 1%, MSHAP 0.5% and MAG 0.3% respectfully to the sources of funding for implementing projects in 2020.

Comments on sources of funding

a) Releases of funds

Even though District Assembly Common Fund is the highest fund flow of the Assembly, its untimely release to the Assembly is often affect projects execution.

Efforts to generate funds

The Assembly over the past years has adopted proactive measures to increase revenue in quantitative terms:-

- Setting up of Easy Collectable Revenue Committee Members of the committee is headed by the Municipal Finance Officer. Other members include Revenue Accountant, Municipal Budget Analyst, MIS Officer, and the Internal Auditor.
- Intensify field monitoring and supervision of the revenue collectors and rate payers.
- Sanctioning of malpractices in the revenue generation.

2.3 Report on Disbursement

Table 2.2 was obtained from the trial balance of the Assembly to show how revenue mobilized were utilised over the period under review, using 2018 as the base year. Table 2.1 presents an update on disbursement of funds for annual, 2020.

Table 2.2: Analysis of Expenditure Pattern (2020)

EXPENDITU	Baseline	Target 2018	Actual 2018	Target 2019	Actual	Target	Actual
RE ITEM	2018				2019	2020	2020

Figure 2.1: Analysis of Expenditure Pattern (2020)

Source: ABWMA Annual financial statement, 2020

Compensation of employees, an administrative component, accounted for the largest proportion of the Assembly's expenditure in the year under review as shown in Table 2.2 and Figure 2.1. The Assembly's expenditure show discipline in expenditure with focus on fixed capital rather than employee compensation.

The Assembly also spent 43% on CAPEX, 30% on Goods and Services, 26% Compensation and with other expenses accounting for 0.8%.

Comments on Disbursement

Funding for all the items above was inadequate during the year under review. The Assembly was burdened with a heavy monthly wage bill for internally employed staff. This has weighed heavily on the IGF component leaving very little for development projects to be undertaken. Although amounts disbursed for District Assemblies Common Fund has seen some significant increments, they are not readily available for the Assembly to use it for the intended purposes.

Covid 19 a pandemic which caused the Assembly to heavy expend on unplanned public education, supply of an enhanced hand washing accessories and procurement of PPEs to curb the spread of the virus.

2.3 Update on Core Indicators and Targets

The MPCU at the planning period selected twenty (20) indicators for tracking progress of selected objectives. The municipal specific indicators were selected based on the ability and which data can easily be collected. Among the indicators of concern of the national indicators are ECG, NHIS and Ghana water indicators, which they are unable to provide relevant data since their coverage is beyond the Municipality.

Notwithstanding, targets for some indicators were exceeded. These include:

- Total Amount of IGF
- % of expenditure within budget
- % growth of property rate collected
- Number of demonstration farms established and adoption of new technology
- Gender Parity Index (ratio b/n girls and boys enrolment rate)

On the contrary some of the indicators showed limited progress as some targets were not achieved; these include:

- Number of farmers practising alternative livelihood
- Number of demonstration farms established
- % increase in yield (crops and livestock)
- Maternal mortality ratio
- Gross Enrolment at the Basic school level
- Under five mortality
- Number of health facilities established

The Assembly's expenditure was within budget and the vehicle procured for field work boost revenue. It is very important to state that some of the implementing Departments did not set targets or data was not available to track progress.

Table 2.3: Details on the Update of Core Indicators are given below

2.4 Report on Critical Development and Poverty Issues

The Municipality is benefiting from a number of poverty alleviation interventions being promoted at the national level. It is important to state that the programmes supports the realization of the Assembly's goal 'A modelled, digitized and smart Assembly for all.'

The interventions include the Livelihood Empowerment Programme, Capitation Grant, School Feeding Programme, Ghana Youth Employment and Entrepreneur Development Agency. The detail of the status implementation of some of these policy interventions as gathered from the various implementing agencies and department are given in subsequent pages in this document.

2.4.2 Disaster Management and Prevention

The National Disaster and Management Organisation (NADMO), is the main body responsible for managing disaster in the Municipality. Management and prevention of disasters have become very paramount in any development plan that seeks to promote the wellbeing of the people. Due to the recent rise in disasters in the country, the Municipal Assembly within the year under review undertook steps to curtail the occurrences of preventable disasters. The measures undertaken included but not limited to the following:

- Building the capacity of NADMO staff and volunteers in the Municipality;
- Organized public education on causes of fire safety and disaster prevention among the Municipal residents;
- Sensitize and create awareness of disaster management in the Municipality;
- Procurement of relief items for victims of disasters in the Municipality;
- Tree planting exercises in various communities in the Municipality.

2.4.3. Planting for Food and Jobs (PFJ) (Fertilizer and seed subsidy)

Even though the municipal have not done much in Planting for Food and Jobs, interventions were granted to some farmers who had backyard maize experience the attack of fall army worms. A total of

number of 22 farmers of which 14 are males and 8 are females were affected. The total area affected was 1 acre of farm land. Farmers were assisted with chemical; Agoo to spray the affected lands under the supervision of the Plant Protection Officer.

2.4.4 Rearing for Food and Jobs (RFJ) (Cockerels)

3 demonstration farm established for catfish rearing in the district which are at Ebenezer SHS, Gbebu electoral and Manpong Okai electoral area.60 fingerlings and feed were distributed to the each site. Distributed 500 coconut seedling to households.

2.4.5 HIV/AIDS Issues

The Municipal HIV/AIDS Committee (MAC) within the Assembly has been set up to help fight HIV/AIDS in the Municipality. The committee in the quarter under review carried out a number of activities to help fulfil its mandate. Some of the activities the committee embarked on included:

Activity	Male	Female	Total	Total	Total Number
				Number of reactive	of non- reactive cases
				cases	cases
Undertake HIV/AIDs screening on World AIDs day

MANDATORY WEARING OF FACE MASK

The Municipal Security Committee (MUSEC) members embark on mandatory wearing of face mask at the Dansoman market. The MCE distributed face mask and hand sanitizer to the market women and advised them to wear the face mask to protect themselves from contracting Corona Virus, he also caution the traders not to sell to any customer who is not wearing face mask, hence taskforce will be at the entrance of the market to deny anyone not wearing face mask.

Also, at the Dansoman last stop lorry station, drivers and conductors were entreated to wear their face mask and ensure that anyone who boards their vehicle is wearing face mask. MUSEC members gave

out face mask to drivers and passengers who were spotted not wearing face mask, the assembly members and some staff were part of the exercise.

DISINFECTING EXERCISE

Disinfecting exercise was conducted to clear viruses from public schools in the municipality before school reopen and market.

The Assembly has acquired cloth nose mask for assembly members to be distributed in their electoral areas.

POLY TANKS MOUNTED IN THE MUNICIPALITY

The Assembly has mounted poly tanks in the municipality to support the community members to enjoy the government free water initiative.

These poly tanks are situated at Obono Palace Mpoase, Akweiteman near Royal hospital Wonder salvation beach road and riches of Glory Shiabu Kamara

2.5 Evaluation Conducted, Findings and Recommendations

The Municipal Assembly under the period reviewed did not conduct any major projects evaluation exercise but did held quarterly review meetings and public hearing, stakeholders' engagement.

It is therefore recommended that the Assembly adequately plans for the evaluation of all projects implemented and allocate sufficient funds to get the plans implemented

2.5 Participatory Monitoring and Evaluations (M&E) Conducted

Monitoring and evaluation continue to play an important role in the Assembly's activities. In line with this, a number of monitoring and evaluation exercises were carried out within the Year by the MPCU and the core management. The Management Team monitored on-going and recently completed projects to ascertain the

functionality of the completed ones as well as interact with contractors and beneficiaries to know their challenges on the field, any deviation of the projects/programmes.

CHAPTER THREE

THE WAY FORWARD

3.0 Introduction

The implementation of the MTDP as discussed in the previous chapters has brought to the fore a number of constraints and challenges. The challenges have either prevented the execution of certain projects and programmes or delayed the implementation (refer to annex A). This chapter presents the way forward to addressing key issues raised and make recommendations to ensure effective process of achieving project benefits.

3.1Key Issues Addressed and those yet to be addressed

The issue of poor environmental sanitation is a very critical developmental issue that is yet to be comprehensively addressed by the Municipal Assembly. The Assembly has acquired a land for the construction of a temporary transfer waste disposal site. Additionally, ESICAPPS data collection is ongoing to update sanitation data so as to draw comprehensive sanitation management plan of the Municipality, The Assembly had also seek for grant from European commission for environmentally sustainable projects. Plans are been initiated to scheme some areas within the municipality like Akokofoto, Acquisition of the management of Dansoman market all in the process.

Adequate funds are important for realising the ultimate goals of development projects and programmes. Mobilisation of internally generated funds has been a major priority of the Assembly. Consequently, the development of a computer-generated business operating permits and collection of data on those businesses is ongoing in the Municipality through extensive field work by revenue team and NABCO personals. This would help improve the Assembly's financial position and also facilitate the achievement of increasing the amount of IGF used to fund capital investments.

Timely availability of data for the preparation of APR is also yet to be addressed. Additionally, members delay in providing data for compilation of the report. This will in one way or the other reduce the delay in getting quality data for the report. Again inadequate logistics and budget support for monitoring and evaluation of projects and programmes, e.g. strong vehicles, cameras, computers and printers promote poor quality of APR and lastly inadequate land space for Capital projects does not promote the development of the Assembly.

c. Challenge with regards to generating revenue

Despite the current efforts to increase revenue, there are few challenges and difficulties that the Assembly has to deal with. These includes the under listed.

• Inadequate data on properties for property rate billing

- Leakage in revenue collection
- Evasion of Property Rates and other rates payments by residents

3.2 Recommendations

With the abovementioned, the MPCU recommends the under listed to facilitate the implementation and achievement of stated objectives in it MTDP 2018-2021 under the Agenda for Job.

- > Timely and adequate release of funds for the implementation of programmes and projects.
- Provision of adequate logistics support such as, office equipment, vehicles and sanitation tools among others;
- ➤ The Decentralised Departments and Agencies should make conscious efforts to improve projects implementation process;
- > The MPCU should be strengthened to work as a special implementation management structure to ensure that plans are properly and systematically implemented;
- ➤ Decentralised Departments should, as a matter of urgency, appreciate the essence of timely submission of reports to the MPCU Secretariat to avoid delay in the preparation and submission of Annual Progress Report.
- ➤ Continue investment on Roads, Drains, Sanitation, Education, Health and Local Economic Development.

Conclusion

The Ablekuma West Municipal Assembly is poised to carry out its mandate and responsibilities with eagerness to make the Municipality one of the best performing Assemblies in the country.
